

50Hz Perkins Diesel Electric Generator 1000L Fuel Tank Capacity

Basic Information

- Place of Origin: China
- Brand Name: Minlong

Product Specification

- Weight: 3000kg
- Warranty: 1 Year
- Engine Brand: Perkins
- Power Output: 1000kW
- Control System: Automatic
- Frequency: 50Hz
- Dimensions: 2500mm X 1500mm X 2000mm
- Speed: 1500rpm
- Highlight: **50Hz Diesel Electric Generator ,
Perkins Diesel Electric Generator ,
1000L Perkins Electric Generator**

Product Description

Product Description:

Perkins Diesel Generator is a heavy duty diesel generator that features a frequency of 50Hz, water cooled cooling system, automatic control system, speed of 1500rpm, and dimensions of 2500mm X 1500mm X 2000mm. It is a reliable and powerful generator that is perfect for any residential or commercial use. The Perkins Diesel Generator is constructed with a sturdy, durable frame that ensures long-term use and reliability. It is perfect for powering up homes and businesses during times of power outages or other emergencies. The Perkins Diesel Generator is also fuel efficient and cost-effective, making it the perfect choice for any need.

Features:

Product Name: Perkins Diesel Generator
Control System: Automatic
Cooling System: Water Cooled
Engine Brand: Perkins
Fuel Tank Capacity: 1000L
Noise Level: 75dBA
Advanced Diesel Electric Generator
Heavy Duty Diesel Generator
Advanced Diesel Electric Generator

Technical Parameters:

Attribute	Details
Heavy Duty Diesel Generator	Perkins Diesel Generator
High Output Diesel Generator	Power Output: 1000kW
Advanced Diesel Electric Generator	Starting System: Electric, Control System: Automatic, Noise Level: 75dBA, Fuel Tank Capacity: 1000L, Frequency: 50Hz
Warranty	1 Year
Voltage	400V
Engine Brand	Perkins
Fuel Type	Diesel

Applications:

Minlong Perkins Diesel Generator is a powerful and advanced diesel electric generator with 1000kW power output. It is designed for various industrial and commercial applications, featuring a water cooled cooling system and 1500rpm speed. This generator is equipped with an automatic control system, ensuring a high output with low noise. It is the perfect choice for reliable power supply.

Minlong Perkins Diesel Generator is a perfect choice for reliable power supply in various industrial and commercial applications. It is equipped with a powerful Perkins engine and an advanced cooling system to ensure high output and low noise. It is also designed with an automatic control system, providing a stable and reliable power supply. This generator offers superior performance and efficiency, making it the ideal choice for businesses seeking a high-performance diesel electric generator.

Minlong Perkins Diesel Generator is an ideal choice for businesses seeking a reliable and high-output power source. Its 1000kW power output and advanced cooling system offer superior performance and efficiency. It also features a 1500rpm speed and an automatic control system that ensures a steady and reliable power supply. This generator is also low-noise, making it the perfect choice for businesses looking for a safe and efficient power source.

Customization:

Minlong Perkins Diesel Generator

Brand Name: Minlong

Place of Origin: China

Voltage: 400V

Noise Level: 75dBA

Frequency: 50Hz

Speed: 1500rpm

Dimensions: 2500mm X 1500mm X 2000mm

Minlong Perkins Diesel Generator is the perfect choice for reliable power generation. It is an advanced diesel electric generator set with durable diesel generator set for heavy duty power needs. It is capable of providing 400V of power with a frequency of 50Hz, speed of 1500rpm and noise level of 75dBA. The dimensions of the generator set are 2500mm X 1500mm X 2000mm.

Support and Services:

Perkins Diesel Generator Technical Support and Service

Perkins Diesel Generator provides complete technical support and service for all of its products. Our experienced and knowledgeable technicians are on-call 24/7 to assist you with any and all issues you may have.

We offer:

Troubleshooting services

Repair services

Maintenance services

Installation services

Upgrades and replacement parts

Our technicians are trained to diagnose and resolve any issues with your Perkins Diesel Generator quickly and efficiently. We use only genuine parts and components in all of our repairs, and our technicians are up-to-date with the latest advancements in diesel generator technology.

If you have any questions or concerns, please don't hesitate to contact us. We look forward to helping you get the most out of your Perkins Diesel Generator.

Packing and Shipping:

Perkins Diesel Generator packaging and shipping:

The Perkins Diesel Generator will be securely packaged for shipping. It will be wrapped in a heavy-duty shrink wrap to protect it from the elements and any potential damage. The generator will then be placed in a double walled cardboard box to ensure it does not move around during transit. The box will be clearly labelled with the product information and destination.

The generator will be shipped via a trusted courier service, with tracking information provided to the customer. This will ensure the generator is delivered safely and on time.

FAQ:

Perkins Diesel Generator

Q: What is the brand name of the Perkins Diesel Generator?

A: The brand name of the Perkins Diesel Generator is Minlong.

Q: Where is the Perkins Diesel Generator manufactured?

A: The Perkins Diesel Generator is manufactured in China.

Q: What is the fuel type for the Perkins Diesel Generator?

A: The Perkins Diesel Generator runs on diesel fuel.

Q: What is the power output of the Perkins Diesel Generator?

A: The Perkins Diesel Generator has a power output of up to 500 kW.

Q: What is the size of the Perkins Diesel Generator?

A: The Perkins Diesel Generator is approximately 5 feet long and 4 feet wide.
