

10-1000kW Diesel Generator Container Automatic Manual

Our Product Introduction

for more products please visit us on diesels-generators.com

Basic Information

- Place of Origin: China
- Brand Name: Minlong
- Certification: ISO9001
- Minimum Order Quantity: 1
- Price: Negotiation
- Packaging Details: Wood case
- Delivery Time: 10-15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 1000 pieces per week

Product Specification

- Protection System: Overload/Low Oil Pressure
- Noise Level: Low
- Power Output: 10-1000kW
- Warranty: 1-2 Years
- Voltage: 220V-480V
- Control Panel: Digital/Analog
- Starting System: Electric/Manual
- Emission Standard: EU Stage II/EPA Tier 2
- Highlight: **1000kW Diesel Generator Container, Automatic Diesel Generator Container, Automatic Diesel Generator Container**

Product Description

Product Description:

Container-Based Diesel Generator is an ideal solution for power station projects. It features low noise level and easy installation. It is composed of a container and a diesel generator set, and it has a wide voltage range from 220V to 480V. It is simple to operate and has a starting system of both electric and manual. The warranty period of this product is usually 1 to 2 years.

Container-Mounted Diesel Generator has several advantages, such as easy transport, low noise level, and durability. It is designed to fit into a standard shipping container, and is available in variety of sizes and power outputs. It is certified with ISO9001, CE, and other standards. It is also equipped with advanced technology, such as digital control panel and remote monitoring system.

Container-Mounted Diesel Generator Set is an ideal power solution for any project, from small residential to large commercial applications. It is reliable and efficient, and is designed to provide continuous power supply. It is also equipped with safety features, such as overload protection, low oil pressure protection, and temperature control.

The Container-Based Diesel Generator is an ideal solution for reliable power supply. It is easy to install and use, and its low noise level makes it suitable for residential and commercial applications. It is also equipped with advanced technology, such as digital control panel and remote monitoring system, and it is covered by a 1 to 2 year warranty.

Features:

Product Name: Container Diesel Generator

Warranty: 1-2 Years

Starting System: Electric/Manual

Operation Mode: Automatic/Manual

Fuel Consumption: Low

Voltage: 220V-480V

Container-Based: Yes

Cargo-Container: Yes

Technical Parameters:

Product Attribute	Specification
Fuel Type	Diesel
Starting System	Electric/Manual
Frequency	50/60Hz
Control Panel	Digital/Analog
Fuel Consumption	Low
Noise Level	Low
Structure	Container-Housed Diesel Generator, Container Diesel Generator, Container-Based Diesel Generator
Cooling System	Air/Water
Power Output	10-1000kW
Voltage	220V-480V

Applications:

The **Minlong Container-Mounted Diesel Generator** is the perfect choice for emergency power, backup power, or any situation where reliable energy is needed. This container-based diesel generator is designed and manufactured in China, certified by ISO9001, with a minimum order quantity of 1. The price is negotiable and it comes packaged in a wood case, with delivery time being 10-15 days. The payment terms are flexible, including L/C, D/A, D/P, T/T, Western Union, and MoneyGram. The supply ability is 1000 pieces per week. This generator is equipped with a digital/analog control panel, with voltage ranging from 220V-480V and starting system options of electric/manual. It comes with a 1-2 year warranty and low noise level.

Customization:

Container Diesel Generator

Brand Name: Minlong
Place of Origin: China
Certification: ISO9001
Minimum Order Quantity: 1
Price: Negotiation
Packaging Details: Wood case
Delivery Time: 10-15 days
Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
Supply Ability: 1000 pieces per week
Warranty: 1-2 Years
Noise Level: Low
Starting System: Electric/Manual
Emission Standard: EU Stage II/EPA Tier 2
Power Output: 10-1000kW

Minlong is proud to provide you with container-housed diesel generators. Our generators are built with a container-based structure, making them easy to transport and install. We have ISO9001 certification, and you can order as few or as many pieces as you need. We also offer wood case packaging and delivery within 10-15 days. Our payment terms include L/C, D/A, D/P, T/T, Western Union, MoneyGram, and our supply ability is 1000 pieces per week. We offer a 1-2 year warranty and our noise level is low. Our generators can be started with electric or manual starting systems. They meet EU Stage II and EPA Tier 2 emission standards, and they have a power output of 10-1000kW.

Support and Services:

We offer comprehensive technical support and service for our Container Diesel Generator, including:

- 24/7 customer service and support
- On-site installation and maintenance
- Providing spare parts and components
- Troubleshooting and repair services
- Training and certification programs
- Warranty coverage for our products

Packing and Shipping:

Packaging and Shipping

Our Container Diesel Generator is safely packed in wooden crates or other containers, and then shipped to the customer's desired destination. The shipping method used depends on the size of the product and the customer's location.

FAQ:

Q: What is the brand name of the Container Diesel Generator?
A: The brand name of the Container Diesel Generator is Minlong.
Q: From which country is the Container Diesel Generator from?
A: The Container Diesel Generator is from China.
Q: Does the Container Diesel Generator have ISO9001 certification?
A: Yes, the Container Diesel Generator has ISO9001 certification.
Q: What is the minimum order quantity of the Container Diesel Generator?
A: The minimum order quantity of the Container Diesel Generator is 1.
Q: What is the price of the Container Diesel Generator?
A: The price of the Container Diesel Generator is negotiable.
